## NEUROPATHOLOGY INTRAOPERATIVE (IO) CONSULTATION AND QA FORM

Case #: \_\_\_\_\_

Date \_\_\_\_\_

Patient Name: \_\_\_\_\_

Patient Age: \_\_\_\_\_

OR Surgeon: \_\_\_\_\_ OR #: \_\_\_\_\_

Start Time: \_\_\_\_\_

Hospital:  PUH  SHY  CHP  PVS  MYS  Consult

Intraop:  Yes  No

Clinical History/Radiology Findings:

Telepathology:  Yes  No

Discussed Question with Surgeon:  Y  N  Unavailable

Preop Diagnosis or Question: \_\_\_\_\_

Intraop Diagnosis: \_\_\_\_\_

Pathologist: \_\_\_\_\_ Fellow: \_\_\_\_\_

Fellow in Hot Seat:  Yes  No

Sign out Diagnosis: \_\_\_\_\_

Pathologist: \_\_\_\_\_

Intraop specimen quality (Unsatisfactory / Marginal / OK)

Issues:  Yes  No (Note: Technical, Procedural, Medical Record, etc issues)

**Why was Intraop Performed?**

**What was learned by Intraop?**

**Divisional QA**

Case # \_\_\_\_\_

Conference Date \_\_\_\_\_

Rendered intraoperative diagnosis \_\_\_\_\_

QA conference intraoperative diagnosis \_\_\_\_\_

**Concordance/Discordance** between Primary pathologist I/O and QA I/O Diagnosis

Exact concordance                      Overall Concordance                      Discrepant

Too specific                              Just right                                      Too general

Should have deferred                      Should not have deferred

Rendered Permanent diagnosis \_\_\_\_\_

QA conference Permanent diagnosis \_\_\_\_\_

**Concordance/Discordance** between Rendered I/O and Final QA Diagnosis

Exact concordance                      Overall Concordance                      Discrepant

Resolution of differences between Rendered and QA conference permanent diagnosis

**CIRCLE:**    Addendum    Amendment    Call Clinician    Additional Studies    Tag for F/U    None
